Report Prepared by
California State Warning Center

SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Summer Excessive Heat Conditions Preparation:

The California Governor's Office of Emergency Services (Cal OES), in partnership with the National Weather Service, is closely monitoring potential excessive heat conditions that will warrant activation of Phase II/III of the state's Extreme Temperature Response Plan. Please review your local response plan in preparation for an extreme heat event as we enter the summer months.

PG&E Public Safety Power Shutoff (PSPS) & Wildfire Full Scale Exercise

Cal OES is participating in the PG&E Public Safety Power Shutoff (PSPS) & Wildfire Full Scale Exercise the week of June 13-17, 2022 in preparation for the upcoming PSPS season. PSPS notifications will be made to existing key agency partners during the exercise period to test the notification method and capabilities. No action is required for the recipient. There will be external agencies actively participating in the exercise at various levels in addition to a large number of operational areas and agencies observing.

Below is a link to each Investor-Owned Utilities' webpage to monitor for live power outages and PSPS activities:

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/08/22 at 1630 hours:

- 9,058,902 total confirmed cases.
 - 103,240 Delta
- 90,892 total deaths.
 - 173 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

Weather Risk Outlook

Regional Operations Center
Western Region
Monday, June 13

	Mon, Jun 13	Tue, Jun 14	Wed, Jun 15	Thu, Jun 16	Fri, Jun 17	Sat, Jun 18	Sun, Jun 19
Fire Weather Low RH / Wind / Dry T-Storms	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	
Thunderstorms Wind / Hail / Tornadoes							
Heat	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern
Cold							
River Flooding							
Wind	Southern			Inland	Inland		
Heavy Rain Flash Flooding / Debris Flow							
Snow							
Coastal Flooding							
Risk Levels	Little to None		Minor	Moderate	Major		Extreme

Weather Key Points

Regional Operations Center

Western Region

Monday, June 13

- Cooler temperatures will continue over much of the state Monday and Tuesday, warming significantly once again Wednesday and Thursday
 - Moderate to high heat risk impacts will return for many inland areas midweek, with readings back in the upper 90s and lower 100s for the Central Valley, and 105 to 115 degrees across the southern deserts
 - Cooler conditions will make another return by the weekend
- Gusty winds will be noted for many areas along and east of the Sierra as well as inland Southern California at times through late week, bringing periods of elevated to locally critical fire weather conditions
 - The strongest winds are expected across the southern California mountains and foothills Monday through Wednesday, spreading into areas near and east of the Sierra Thursday and Friday
 - Winds will also be breezy at times across much of the Sacramento and San Joaquin Valleys
- Dry weather is also forecast over the next 7 days for the majority of the state

Precipitation Forecast

Regional Operations Center

Western Region

Monday, June 13

No precipitation is forecast through Wednesday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

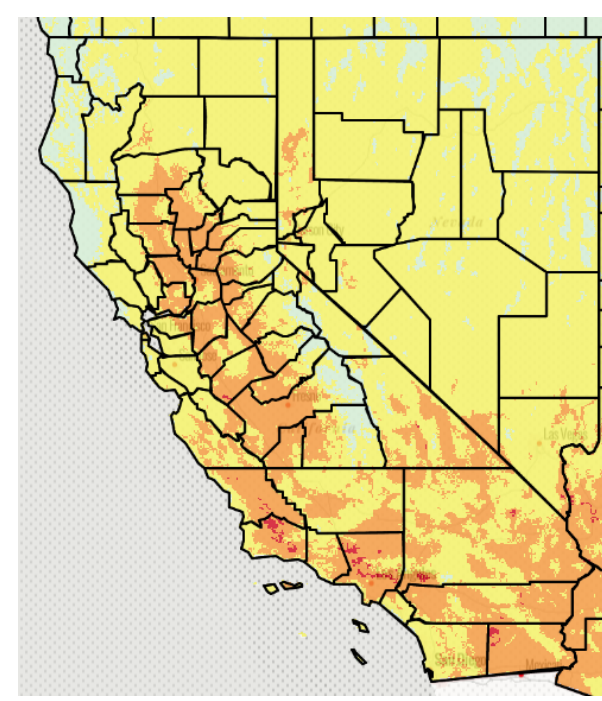

Monday

Tuesday

Wednesday

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Monday, June 13

6-10 Day Outlook (June 18 - June 22)

Temperatures

- Below normal temperatures are favored statewide

Precipitation

- Near normal precipitation is favored for the majority of the state

8-14 Day Outlook (June 20 – June 26)

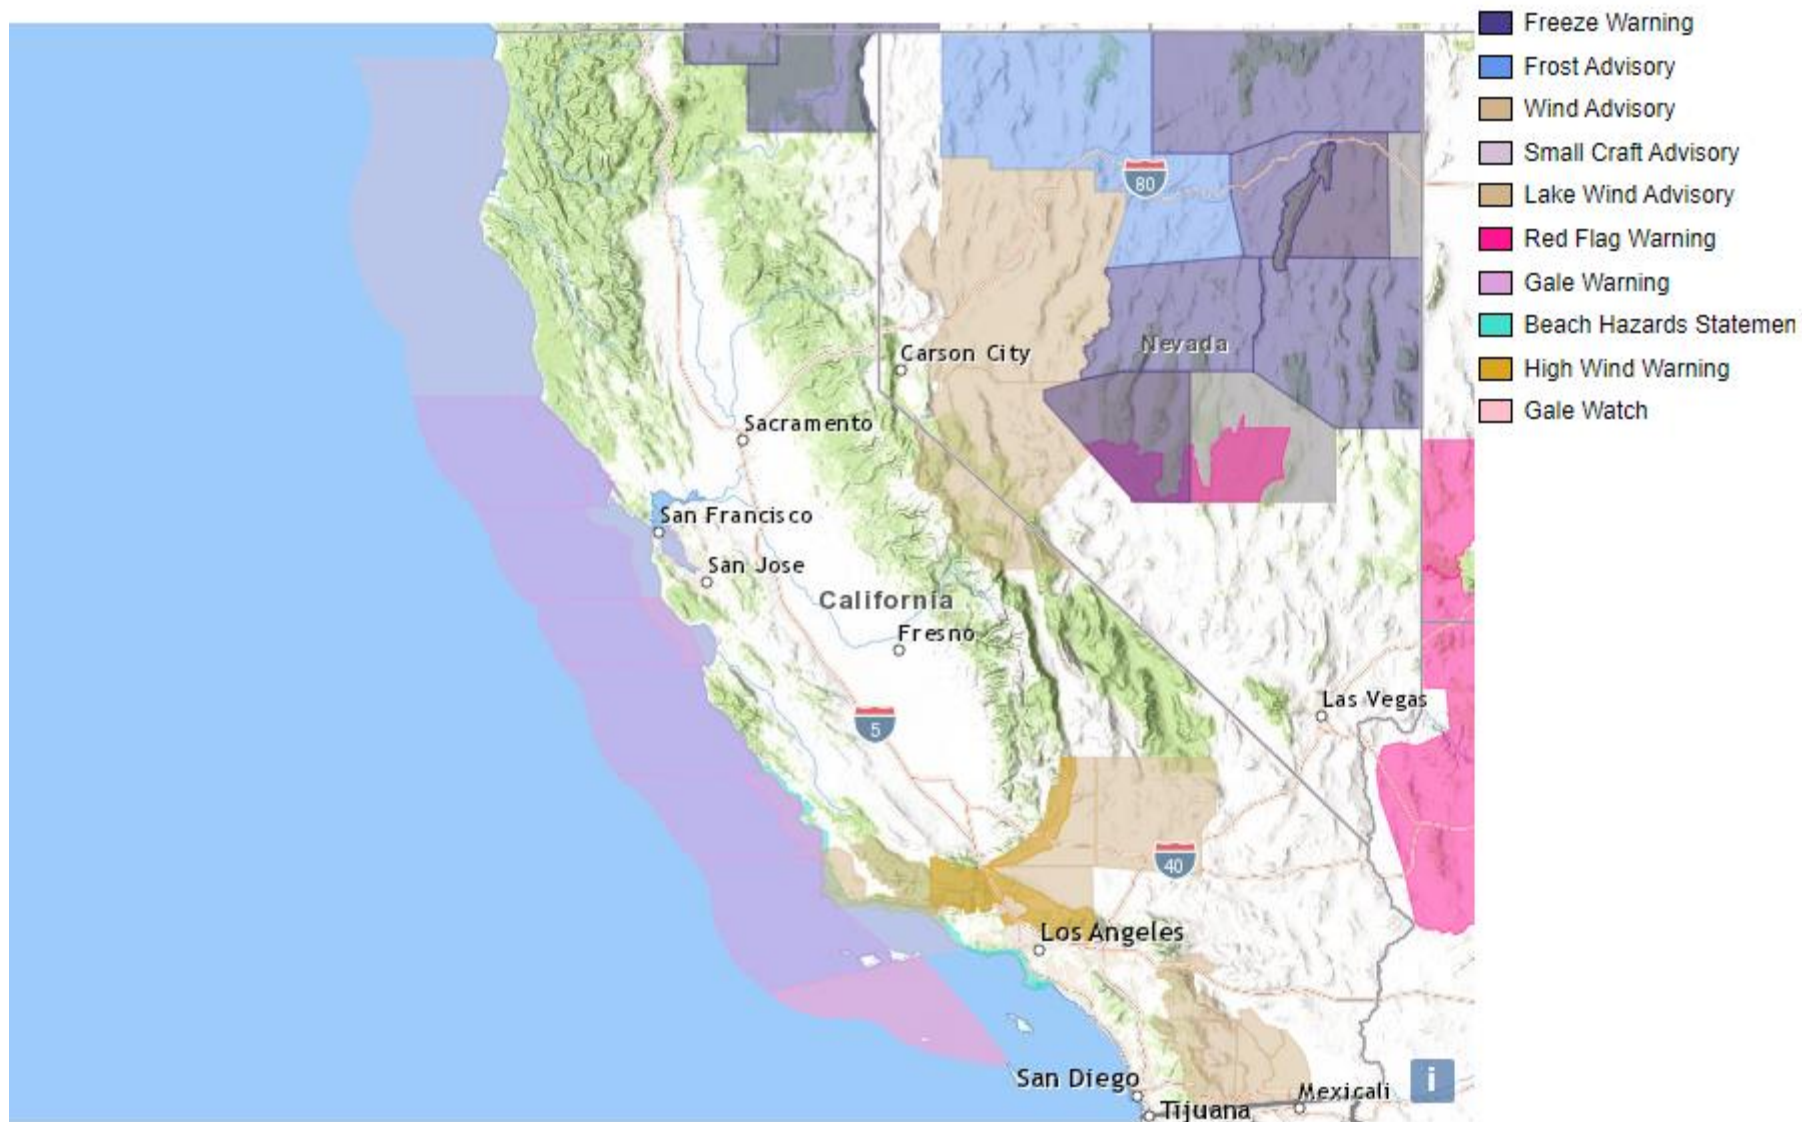

Temperatures

- Below normal temperatures are favored for the northern half of the state, with near normal readings favored across the south

Precipitation

- Below normal precipitation is favored for the northern half of the state, with near normal precipitation favored for the southern half of the state

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions

- **2022-LAW-79104, 06/12/22, 1545 hours:** IERCC contacted CSWC and advised of an inReach activation at coordinates 36.355809, -118.123262 which plots on the PCT near the Golden Trout Wilderness in Inyo County. IERCC established contact and was advised "one person with chest pains and shortness of breath". LDO contacted ICSO and relayed info. ICSO coordinating response. **Update: At 1706 hours:** ICSO contacted LDO and advised subject had been located by 2 off-duty Tulare County SAR volunteers. They advised weather prohibited pickup by helicopter and they would walk out with him. Extraction requires exiting through Tulare County. **Update: At 1825 hours:** LDO contacted Tulare County SAR coordinator for update. TCSO confirmed extraction in process and that weather prohibited helicopter pickup. Subject's symptoms had lessened and the plan is to wait overnight and continued to an LZ for extraction tomorrow. **Update: At 1853 hours:** TCSO SAR coordinator contacted LDO requesting AFRCC approval for flight mission. TCSO had been in contact with NAS Lemoore who believed they could execute the flight mission. LDO contacted AFRCC and obtained approval (mission # 22M0209). Info relayed to TCSO. **Update: At 2316 hours:** TCSO advised subject had been airlifted to Community Regional Medical Center in Fresno for treatment. **MISSION CLOSED.**
- **2022-LAW-79098, 06/12/22, 1230 hours:** IERCC contacted CSWC and advised of an SOS activation at coordinates 39.465036, -120.474658 which plots on the PCT approx. 3 miles north of Meadow Lake in Sierra County. IERCC was able to establish communication with R/O who states "Please hurry suffering expodurds Stuck on ridge Wet. And can't mobve". LDO contacted SCSO and relayed info. SCSO coordinating response. **Update: At 1730 hours:** SCSO contacted LDO and advised subject had been located and safely brought back to the trailhead. Subject refused medical treatment. **MISSION CLOSED.**
- **2022-LAW-79090 06/12/22, 1153 hours:** IERCC contacted CSWC and advised of a PLB activation at coordinates 38.904616, -120.197854 which plots near Lake Doris in Eldorado County. Nature of emergency unknown. IERCC not able to make contact with R/O. LDO contacted EDSO and relayed info. EDSO coordinating response. **Update: At 1815 hours:** LDO contacted EDSO and was advised SAR team still enroute to location. **Update: At 2100 hours:** IERCC contacted LDO and advised R/O had sent message stating that she "was able to set up shelter and will wait out the night. summiting tomorrow given better weather forecast. no longer need assistance, thanks". R/O cancelled SOS activation. LDO relayed info to EDSO dispatch. **MISSION CLOSED.**
- **2022-LAW-79088, 06/12/22, 1138 hours:** CSWC was contacted by IERCC and advised of an SOS Activation at coordinates 38.788337, -120.040677 which plots to the PCT in El Dorado County. The R/O will be a French Citizen and all phone numbers listed are for French phones. R/O messaged "I fell and cannot move my shoulder. I have a lot of pain". LDO contacted EDSO and relayed info. LDO confirmed with EDSO they were coordinating a response. **Update: At 1815 hours:** LDO contacted EDSO and was advised subject had been located and extracted. Subject was transported to Barton Memorial Hospital for treatment and will then be placed on a 5150 hold. **MISSION CLOSED.**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2022-CalOES-78230 (New Mexico EMAC):** 1 iSat phone for EMAC deployment to New Mexico.
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
